**TO: Millersville Borough Safety Committee
The Honorable Borough Council
Citizens of the Borough of Millersville**

The Millersville Borough Police Department is committed to providing excellent professional law enforcement services to our community in the most responsive, efficient and effective manner. We believe in high professional standards and attitudes while being dedicated to high ethical and moral standards with uncompromising honesty. On behalf of the Millersville Borough Police Department, Millersville Mayor Moriarty and I are pleased to present to you our 2013 Annual Police Report. This extensive report reflects on the nature, volume and extent of crime as well as other police-related activities within the Borough of Millersville during this past year. This annual report will also highlight some of the major achievements and accomplishments of your Police Department. It should be noted that the statistics used to compile this report have neither been audited by the Pennsylvania State Police nor the Federal Bureau of Investigations and may vary slightly once the audits have been completed.

When it comes to our annual year-end review, the entire Department looks inward in an effort to evaluate not just what we did, but also how well we did. We are particularly concerned with the quality of service we offer and the protection we provide to our citizens. Especially during these difficult economic times, it is more vital than ever that we must continue to provide the best professional law enforcement services to our citizens.

We would also like to thank Borough Council for their continued support. Your ongoing support has enabled our Department to address the increasing needs and demands placed on our Department in the area of law enforcement. Without your continued support, it would hinder our efforts of keeping our citizens safe and secure while ensuring their quality of life.

The commitment of each and every member of our Department has resulted in a year filled with successes too numerous to record in this document. As a new year begins and we face new challenges, the Millersville Borough Police Department remains committed to maintaining the highest police standards while serving our community. The challenges of providing a myriad of services to such a diverse community may seem a daunting task. However, I am confident that we will continue to maintain the level of professional service that the citizens of Millersville have come to expect and deserve.

Respectfully,

John D. Rochat
Millersville Police Chief
