**John D. Rochat**  
Chief of Police

**March 2015**

**TO: Millersville Borough Safety Committee  
The Honorable Borough Council  
Citizens of the Borough of Millersville**

The Millersville Borough Police Department is pleased to present our 2014 Annual Report. The primary purposes of this report are to provide the community with a transparency in government and to show some statistics that reflect the challenges that face law enforcement in the Borough of Millersville. When it comes to our annual year-end review, the Department looks inward in an effort to evaluate not just what we did, but also how well we did. We are particularly concerned not only with the protection which we provide our citizens but also the quality of these services. During these difficult economic times, it is especially more vital than ever for us to continue to provide the best professional law enforcement services to our citizens.

We are committed to providing excellent professional law enforcement services to our community in the most responsive, efficient and effective manner. We strive to maintain high professional standards and attitudes while being dedicated to high ethical and moral standards with uncompromising honesty. This extensive report reflects on the nature, volume and extent of crime as well as other police-related activities within the Borough of Millersville during this past year. This annual report will also highlight some of the major achievements and accomplishments of your local Police Department.

There are many variables that contribute to making the Borough of Millersville a reasonably safe place to live. This accomplishment is largely the result of having professionally trained, highly talented and dedicated employees of the Millersville Borough Police Department, coupled with strong support from our Mayor and Council. This ongoing support has enabled the Department to address the increasing needs and demands which have been placed on it in the area of law enforcement. Furthermore, this support has enabled us to continue to make Millersville Borough a place where people feel safe to live, work and go to school. As Chief of Police, I am very proud of the members of the Millersville Borough Police Department. Their vibrancy and ongoing efforts all contribute to the quality of life that our community enjoys. They have attained a reputation throughout the area as being not only professional but also vigilant and thorough in their daily routines. Our commitment to the delivery of professional, responsive and fair police services is our pledge. The dedication of each and every member of our Department has resulted in a year filled with successes too numerous to record in this document.

As a new year begins and we face new challenges, the Millersville Borough Police Department remains committed to maintaining the highest police standards while serving our community. The challenges of providing a myriad of services to such a diverse community may seem a daunting task. I am confident, however that we will continue to maintain the level of professional service that the citizens of Millersville have come to expect and deserve.

Respectfully,

John D. Rochat  
Millersville Police Chief
