### **Progress on Park Master Plan-with URDC**

Master plan draft was distributed for review. Vice Chair Dissinger expressed concern that the caliber of playground equipment was not quite what was in mind. After some discussion, Sophie will send a new option with more emphasis on a larger structure for older children, removing from the plan some climber options to allow for possible merry go round, ADA compliant swings and larger climber. We will move forward with keeping the 2 existing structures.

Brief discussion on bathroom facility-we can choose a structure that includes a water fountain and filling station instead of a free-standing station. Exact model does not need to be chosen yet.

PC Sykes inquired about alternate grants- Rebecca explained the process through public works and then counsel before we would get to that point. DCNR is the first step.

Park Commission will review the master plan and communicate to Rebecca any further questions or concerns for anticipated approval for the November 4<sup>th</sup> meeting. Alternate accommodation may need to be made due to the election, will keep commission apprised.

**ADJOURNMENT:** 6:31pm, motioned by PC Bezek, seconded by Vice Chair Dissinger, and approved by all.
