Chief Rochat explained that about six months ago the University had another traffic study conducted and that he has yet to see the results.

Ms. Thomas asked on the status of banners down Manor and George Street. The last she heard was the Borough was working with the University. Ms. Bellile replied that in conjunction with the University there was a sign that was discussed years ago that was to be placed on the
corner of the Mennonite Church property and that this is being reconsidered. They are also considering directional signs at that same intersection and then further down Manor Avenue for entrance to the University. She noted that these signs will be paid for by the University. After these are installed, they will continue discussions on street banners.

REPLACEMENT OF COUNCIL MEMBER – CANDIDATES

President Smith invited all candidates to make a three-minute presentation. Once all the presentations are complete, she will accept nominations, then close the nominations and take a vote on the first name nominated. If the first name receives a majority of votes the voting is concluded. If not, they will move to vote on the second name, etc. President Smith mentioned she has knowledge of the following three candidates: Mr. Charles, Mrs. Erb and Mr. Kirkham. She asked if there were anyone else. Mr. Sykes mentioned that he did not know about this ahead of time, wanted to know what he needed to do, and stated he was interested. President Smith explained that at this point he would just need to make a presentation. She then proceeded in alphabetic order with Mr. Charles going first. Mr. Charles noted that he has lived in the Borough for the past 14 years. His parents moved here when he was 4 years old. He attended Eshleman Elementary school, got his first job here in the Borough with Joe’s Shoe Shop, and is now a senior at Penn Manor High School. He noted his participation in the politics club when former Mayor Moriarty would come speak with the group and that his favorite part was when he would tell the group about the interactions with Council. He believes this would be a good opportunity for him to serve and pay back to the community that has done so much for him. President Smith introduced Mrs. Erb next. Mrs. Erb started out by thanking each member for their time and consideration. She stated she has been a resident of the Borough since 2012 when her husband and she purchased their home in the Quaker Hills development. What spurred her into action was the 2017 water issues in her neighborhood. She talked about the formation of the development’s Facebook group and how it has grown into something that is not just dealing with the negative but cultivating positive. She helped organize their last block party where they brought in Borough businesses. She stated that she has experience working in finance before staying home with her children and that allowed her to navigate her love for details. She also enjoys learning from those that have experiences in things she does not so that she can be informed to be able to speak up when necessary. With her three minutes up, President Smith stopped her presentation and introduced Mr. Kirkham. Mr. Kirkham stated that he had served on Council from 2006 to 2018 and further noted that he even served as Council President. He both liked and enjoyed the work that Council does, and it is a way for him to pay back to the community. He stated if they so desire for an ex-council member to come back and join; he’d be happy too. He thanked everyone for their time. President Smith introduced Mr. Sykes. Mr. Sykes stated again that he was not aware of the procedure to have had prepared a resume in advance. He stated he had lived in the borough from the age of 5 to the age of 30, then moved to Mount Joy for twenty years. He later returned to Borough to take care of his mother. He stated his education as attending Eshleman Elementary, up through the Junior High, and graduated from the Penn Manor High School. He has a bachelor’s degree in Police Science. He spent three years as a Military Police Officer, received several accommodations and an honorable discharge. He was a store manager for the liquid control board for over 30 years.
