To the community of Millersville Borough,

Over the past several months, we have heard the outcry for social justice and police reform. These outcries began over 8 years ago, but have become much louder with the recent actions of a very few that have tarnished and over shadowed the vast majority of our dedicated men and women who pursue peaceful communities and justice for all of us.

The Borough of Millersville is not immune from recognizing that we must also take a hard look at ourselves, our employees, our policies, procedures and ordinances to ensure that Millersville Borough is welcoming to all, where equality, diversity and inclusion are at the forefront of our values as we serve this community. There should be no room for discrimination of any kind from any of our employees or your elected officials that can or should be tolerated.

I have reviewed numerous policy and procedures for our police department with our Chief and Commanding officers. I have reviewed our use of force policy with those officers along with your Council President and a member of our community. I will continue to meet regularly to ensure inclusive compliance and work even harder to make adjustment when adjustments are necessary. I am committed to continuing this work as it will ultimately create a more affirming and inclusive community.

I have great pride and respect for the Officers of the Millersville Borough Police Department for their tireless commitment to this municipality and the vast amount of time they have invested in training to better themselves for our community.

As your Mayor, It is my honor to represent and support every resident, business, organization and visitors within our community.

Respectfully,
