

## **Snow Emergency Declared**

**December 15, 2020**

A Snow Emergency Declaration has been issued by Mayor David Aichele, effective at 10 a.m. on Wednesday, December 16, 2020, for Millersville Borough.

All vehicles must be removed from designated snow emergency routes no later than 10 a.m. on Wednesday, December 16, or they will be subject to ticketing and/or towing.

Vehicles may not return to snow emergency routes until the snow emergency has been lifted. Any car parked on a snow emergency route during a snow emergency will be subject to ticketing and/or towing. This will allow our Street Department to remove snow safely and effectively from the snow emergency routes.

Snow emergency routes can be found at; <https://millersvilleborough.org/wp-content/uploads/2020/04/snowemergencyordinance.pdf>

This Snow Emergency Declaration will also be sent out to our residents via the Swift 911 Alert Notification system. If you are not signed up and would like to be notified in case of an emergency or important information in the Borough, please sign up on our website at; <https://millersvilleborough.org/resident-info/alert-notifications/>
