MILLERSVILLE BOROUGH POLICE DEPARTMENT LAUNCH DIGITAL CRIME FIGHTING TOOL

New website offers direct access to crime and public safety-related information

The Millersville Borough Police Department and Lt. Jeffrey Margevich announce the launch of a new website that gives people who use social networks and mobile devices an easier, more effective way to help fight crime and stay informed.

The new Millersville Borough Police Department [website](#) was developed in partnership with CRIMEWATCH Technologies and is part of the CRIMEWATCH Network (crimewatch.net). This online tool gives the public direct access to crime and public safety-related information happening in their community.

“This new website is the perfect entry point for establishing better police and public partnerships. Technology gives us the opportunity to communicate with the public and the anonymity of the tech avoids the potential risks of sharing information with the police...several police departments throughout the region are having great success using this technology,” said Lt. Margevich.

Local residents and students are strongly encouraged to visit MillersvillePolice.org, connect with police department social media sites, and/or download CRIMEWATCH Mobile from the [Apple App Store](#) or [Android App Store](#).

This resource allows residents to do the following:

- Sign up for a free account to receive e-mail alerts regarding crime committed in certain areas,
- Submit a tip to local law enforcement,
- View recent arrests and “most wanted” lists,
- Register camera and alarm systems,
- Share information with others through social media, and
- Get connected with resources and services.

For more information or to view the new Millersville Police Department Website visit MillersvillePolice.org or to learn more about CRIMEWATCH visit crimewatch.net.
